This year, the Aspen Meadows Resort unveiled the hotly anticipated revamp led by Suomi Design Works of JFK's TWA Hotel fame. Set within Aspen Institute's vast grounds, the retreat now features 98 suites decked out with a blend of natural textures and a Bauhaus-inspired palette. Design aficionados will fawn over the mix of restored mid-century classics like Saarinen tables and Bertoia chairs alongside custom beds and bold lighting. Foodies also have something to look forward to with a new restaurant and bar helmed by chef Rachel Saxton, slated to open in January.
